I'll blow you a kiss from across the room.
I'll let it miss so you don't assume.
Please tell me that you want me, you need me.
Doesn't matter if you don't believe me.
I have no one to call me baby.
Sure is sad no one calls you lately.
I try to run but I don't know how to get there.
Keep on running you're going nowhere.

You fear the sunrise, you can dry your eyes, your
crocodile tears

I just need a man who will stay.
You can save it for a rainy day.
Won't you help me get my life on track?
I'd oblige but you stabbed me in back.
Ride with me, I'm headed south.
I can't believe a single word from your mouth.
You and me are like biscuits and gravy.
Now I know that you're crazy.

You fear the sunrise, you can dry your eyes, your
crocodile tears

Can't believe a word you say,
You can save it for a rainy day.
Had to tell you not once, but twice.
You need to take your own advice.
