You can sing me a slow song, I wanna hear you all  
night long.  
You can write me a love song, you can love me all you  
want.  
You can cause me so much trouble, I don't mind.  
You can try to leave me on the double, I'll follow  
behind.  
And she said

Start a fire in my heart  
That's what I'm trying to do  
Start a fire in my heart  
That's what I'm trying to do baby  
That's what I'm trying to do  
That's what I'm trying to do...

I gone and give you seven children, now you say you  
want more.  
Oh how'd you get on without me, when I was shipped  
off to war...  
You wanna live in a big house, but we only need one  
room.  
You're on the phone with your mother, but you're  
talking all day long.  
And she said

Start a fire in my heart  
That's what I'm trying to do  
Start a fire in my heart  
That's what I'm trying to do baby  
That's what I'm trying to do  
That's what I'm trying to do...

You can bake me some shortbread, you can bake it all  
night long.  
You can call me in for supper, you can call me all you  
want.  
You can cause me so much trouble, I don't mind.  
You can tray and leave me on the double, I'll follow  
behind.  
And she said

Start a fire in my heart  
That's what I'm trying to do  
Start a fire in my heart  
That's what I'm trying to do baby  
That's what I'm trying to do  
That's what I'm trying to do...  
Start a fire in my heart  
Start a fire in my heart  
Start a fire in my heart
