Here's a situation say I'm jumping out the bandwagon  
Down with the nation now the niggaz is named me  
To be what I used to be  
That was an ineration level I was soon to be caught  
And tied in a knot for drillin a bitch I shouldn't of  
knocked  
But I'm chilling with sister street and somi  
Ny cousins beefin cause I like to be down  
With the natural afro take a listen I'll tell ya like  
This boy you really pissing me off I see nothing wrong  
with  
A afer be I preffer I must darkle beaver, so now you trip  
You blub it or i'ma bust you lip and now you got an  
attitude  
And you act rude to my beilifs tak a peice of the  
attitude  
She's not attracting me, stop harrassing me  
And now her man is trying to look like me  
Understand that I'm black only wont sell out  
You keep dissing i'ma going to bust you in the mouth  
Damn! I ain't going out that way!

Im too black and too strong  
I ain't going out that way  
(repeat)

Say I wasnt hurt bullets and chains  
What about saying quit it's all the same thing  
What about my partner who lost his startum  
Cause he was drillin a brook, wearing tits like dom  
But you still turned another g, chasing on white meat  
She ain't all that either is jack, he's abusing my  
Sister and I ain't with that, but I cant understand  
What your sayin man, you fell in the plan and  
Now your part of the plan, nothing but a 90's house  
Nigga, ho do your finger relate to a female nigga  
And now how your mad allright I'm good, sike!  
Im going out like spike, you try to read my mind  
To see what I have to say, I ain't going out that way

Im to black and too strong  
I ain't going out that way

(repeat)

Left to right welcome to my path  
Lets say crib jungle, you never invite  
Me to where you live, cause I'm down with  
This song, and cause a brother was born in ya  
Why should I hide and meet you around the corner  
Quite delirious, cause it ain't that serious  
Turn a red, blue face, cause your inferious  
Plus I'm always behind it, I really cant find it  
Oh yeah, I got it, it's my cousin I'm twelve in it  
They use your bead essential, but you know  
Jail, it ain't worth getting lynched and besides  
I don't know a group with standards and beauty's  
Fruity tutti, pale skin, sticky hair, and flat booty  
Trying to floss it but I don't wants it, cause  
Big ed ain't going out that way!
