I remeber when we were kids
We shed all our hurt and tears (and tears)
No matter what the weather, what the weather
We were always together (always together)
We grew up as time went on
We became seperated (seperated)

(chorus 2x)

It was a sad day (it was a sad day)
When my homie went away (when my homie went
away)
It was a sad day (it was a sad day)
When Kevin went away (when Kevin went away)

(Master P)

Kevin life aint tha even tho we gots tah change
see momma dont understand how you died in tha
game
and grandma get older, Little Kevin hes a soldier
we done made it out da ghetto aint no more run'n for
tha rollers
tattooed your face on my arm so you legacy could live
on
you said "P be strong" with out you we all alone
I know its been a few years you your birthday we shed
tears
and i don't wanna question you God
But why he took you and left us here?

It was a sad day (it was a sad day)
when my homie went away (when my homie went away)
it was a sad day (it was a sad day)
when my homie went away (when my homie went away)

(Silkk)

LooK -- Just thinkin about you my nigga bring tears to
my eyes
I mean im hard and all but even tha realish niggaz cry
and when you left, part of me died too
And who ever knew Kevin like I knew Kevin shhh ya'll
would cry too
just think'n about you, if you were still here

how much different remenisin on one of your pictures
lookin at the family thinkin we always got one miss'n
and I can still remember tha last words (and mine aint
even started)

look your never forgotton 'cause on your birthday i go
and put flowers on your
grave

I still remember when P and C broke tha news to me at
school about your death

told me "Silkk time would heal our wounds"

Its been oh five years and i aint healed yet

Now I feel somthing I'm tryin tryin to be strong

I know moms tryin to hold on

even tho your here and your gone

I got so many questions, thats why i cant move on

(Its somthing about you)

It was a sad day (it was a sad day)

when my homie went away (when my homie went away)

it was a sad day (it was a sad day)

when my homie went away (when my homie went away)

(C-Murder)

Now as i could remember (remember)

A couple of months before December (December)

I still can't take tha pain

we all are stuck in this ghetto rain

I learned my lesson, could your blessings

watch your enemys and watch your friends

and if it aint your blood dont show that man no love

'cause kindness make you weak and cause blindness

in tha streets

and the vultures commin to get you

when none of ur real homies is wit ya

and its sad cant break the cycle

and take a drink wit my uncle Michael

and my momma question my silence

but i blame this sinceless violence

don't wanna wake up 'cause when imma asleep

you still alive up in my dreams

a few seconds of happy thoughts to keep my mind at
eaze

and then Kevin its like you ghost my body freeze when
ever i see him

If anybody got yours ways, you know it'd be him

(repeat 2x)

it was a sad day (it was a sad day)

when my homie went away (when my homie went away)

it was a sad day (it was a sad day)

when my homie went away (when my homie went away)
