deep Bought her two gigs, spotted her clothes, the style
took her "E" Concrete, she was the other kinda figure, I
hoped my up self with a gold digger No problem, cool, I
didn't spread it, as long as she was wearing a skin,
she would forget it shorty must have a mind, she was a
nicely high, and in my mind I think she was perfectly
right, but Yo, the next thing you know was low, I caught
her with a nother man with a lotta do' She was the
wrong one to flow it so I told her the truth sister "Hell

(missing you) No matter what I might say (missing you)

everyday shopping down the corner with your friends,
Jeannie Versoci, that must be your other man romance
between us was about to grey, remember so the good
time we had, shorty lady hangin' down on my wallet
just like a gold digger Thursday, that was your birthday,
gave you rings, all around you, everybody bought you
boo with your low profile true lies in your eyes, honey
playing big games, inside my heart got me straggled,
got me mixed up, all through this time, you're
personal, I'm a man, not a toy, realise you and me no

another man, But now, I can have this since you've
been gone, it's too bad honey, cause (I ain't missing

And I just can't stop to think about, how I wanna be with you
(I ain't missing you, I ain't missing) No matta, what I might say
I ain't missing you at all
I feel lost tonight, I guess you feel the same way too
(I ain't missing you)
And I just can't stop to think about, how I wanna be with you

Rap3: (only in extended version)
I got your phone number from your girlfriend when you were out of town,
I heard your ask, why da hell won't you come around
do you remember the last night, the past night, you pocorners had sex with a flash light
no sweat, you told the bull to your friends, how the sex was so good,
you got the keys to the Benz, Girl, the porty was stolen,
I told all my boyz, ey yo, the pussy was n't golden
The most beautiful thing in this world, is the new girl
I'm checking tonight just for the sex, and she's got a body of a queen,
and when I say "loose", she knows exactly what the hell I mean,
one time for your mind, girlfriend
You can't play nothing with a bullshit in, and from now, 'til the day that I die,
the best thing I've done was a dancin' by
