Ariel:

You are my world my darling

what a wonderful world I see

You are the song I'm singing

You're my beautiful Melody..

Eric: Darling, We better be going

Ariel: Look at her isn't she glowing?

Eric: She looks divine, and you look exquisite, but look at the time

Ariel: Couldn't be is it?

The crew is awaiting your orders

We're sailing away from the borders

Steady boy steady

Ahoy there, they're coming!

Trumpeters ready, drummers start drumming

Down to the sea we go

Down to a world I know

There's never been

Not ever before

A child born of sea and shore

Down to the sea we go

Down to the world below

A journey to bless

A princess to be

Under the sun, and under the sea..

Under the Sea: Ariel is coming (repeated very often)

What's all the big comotion

That's spreading through the ocean

From sea to shining sea

There is no hesitating

Today we're celebrating

Ariel's Melody

lad-da-di-da (repeated very often)

Today when Triton's daughter

Comes back here to the water

We're gonna have a spree

The boat is nearer now

I think I hear her now

Ariel's Melody

Merpeople:

Up from the sea we rise

Up to the world of skies
There's never been
Not ever before
A child born of sea and shore
Up from the sea we rise
Up to the world of skies
Forever to be
Together as one
Under the sea..
And under the sun..
Ariel:
This is your world my darling
One world the land and sea
My hope for you for always
Is that your heart will part of me
Down to the sea we go
Down to the world we know
Together we come
Forever to be
Under one sun
The land and the sea..
