V1]

Everytime I think I've had enough of you  
I take you back again  
Not because I need a friend  
Just because I can't pretend  
Like the others do  
You think you're really serious  
Clever and mysterious  
Talking like you're dangerous  
Talking like a fool

[V2]

Every day there's someone else  
Who wants to get with me  
I'm telling you  
If you know what's good for you  
Treat me like you used to do  
Love me like before

[B-SEC]

'Cos all I can do is watch and wonder  
where the boy I know has gone  
You say that you want me, well it's  
Time to tell your friends where they belong

[CHORUS]

You can find it in your heart  
Give a little love  
Have a little faith  
In the two of us  
You can find it in your soul  
Give a little love  
Have a little faith  
In the two of us

'Cos all I can do is watch and wonder  
where the boy I knew has gone

[V3]

Little boy I don't want anything to do with you  
Get on your knees

I'm the one you have to please  
Not the ones you want to be  
I don't think you're cool

[B-SEC]

'Cos soon you can only watch and wonder  
Where the girl you knew has gone  
And then you will realize that  
Everything you did to me was wrong

[CHORUS]

'Cos soon you can only watch and wonder  
Where the girl you knew has gone

[BRIDGE]

And do you really wanna lose a friend  
You gotta understand or it has to end  
'Cos I don't wanna wait for you anymore  
Can't take it anymore

[CHORUS]
