Song: When I Get You Alone Lyrics

All alone in my bed tonight
I find myself dreaming of all the things I might
Do To you, and do for me
behind closed doors where nobody else will see

CHORUS

I know when I get you alone
There's gonna be trouble
Just hope that I won't lose control
I'll have you seeing double

Fanasties and dangerous dreams
All have my head spinning in a world of schemes
What to do when it's up to me to
Take you places you have never seen

CHORUS

I know when I
X4

All of my life they told me I'm wrong
(All of my life they told me I was wrong)
I thought they were right, then you came along
(I thought they were right, then you came along)
I finally believe, and now I can see
(I finally believe, and now I can see)
I was right all along, it brought you to me
(It brought you to me)

[Talking]

*laughing*OK... yeah...

so here comes the part where like, you know you're in
trouble.

*laughing*Seriously OK?

There's no way around it now.

Alright.*laughing

CHORUS

I know when I get you...
X4

[Spoken]
There's no way around it now

I know when I get you...
