Let's take a map of the world

Tear it into pieces

All of the boys and the girls

Will see how easy it is

To pull it all down

And start again

From the top to the bottom and then

I'll have faith

Oh, I prefer

To think that things

Could have turned out worse

All that we need at the start

Universal revolution

And if we trust in our hearts

We'll find the solutions

To pull it all down

And start again

From the top to the bottom and then

I'll have faith

Oh, I prefer

To think that things

Could have turned out worse  
I took a plane across the world  
Got in a car  
And when I reached my destination  
I hadn't gone far  
Let's take the whole of the world  
The mountains and the sand  
Let all the boys and the girls  
Shape it in their hands  
To pull it all down  
And start again  
From the top to the bottom and then  
I'll have faith  
Oh, I prefer  
To think that things  
Could have turned out worse  
"The grabbing hands  
Grab all they can  
Everything counts in large amounts
