She remembered all the shadows and the doubts

The same film

Vivid pictures like a wall that's standing empty

And the night so still

Such a small affair, a relapse

Someone closing like the nightclub door

Here again and when you speak I watch you move away

And seem so sure

She is hoping to forget

And the moment almost slips away

When the colours move apart

And I wonder if you want to stay

And I need to change you

Like the words I'm reading

Don't you understand

This the warning and the message

I remember as you touch my hand
