Comatose, almost

You've got me dreaming

Slipping in

And Sliding out

Of conscious feeling

Â

Take a light

Start the flame

Play the game

I am lost

In your eyes

Hypnotised

Here I believe

Dreams never deceive

Â

Comatose, almost

You've got me dreaming

Slipping in

And sliding out

Life has no meaning

Â

Bodies move  
Colours change  
Girl you're strange  
Here inside  
I'm at home  
I'm alive  
Â  
Don't be afraid  
I'm floating away  
Â  
Comatose, almost  
You've got me dreaming  
Slipping in  
And sliding out  
Of conscious feeling  
Â  
Comatose, almost  
Â  
Comatose, almost  
Â  
Comatose
