Here is the house

Where it all happens

Those tender moments

Under this roof

Body and soul come together

As we come closer together

And is it happens

It happens here

In this house

And I feel your warmth

And it feels like home

And there's someone

Calling on the telephone

Let's stay home

It's cold outside

And I have so much

To confide to you

With or without words

I'll confide everything

Here is the house

Where it all happens

Those tender moments
Under this roof
Body and soul come together
As we come close together
And as it happens
It happens here
In this house
So we stay at home
And I'm by your side
And you know
What's going on inside
Inside my heart
Inside this house
And I just want to
Let it out for you
And I feel your warmth
And it feels like home
And I feel your warmth
And it feels like home
Here is the house
Where it all happens
Those tender moments
Under this roof
Body and soul come together
As we come closer together
