New sound all around

You can hear it too

Getting hot, never stop

Just for me and you

Playing on my radio and saying that you had to go

New day turn away

Wipe away the tear

New night, feel right

Knowing that you're here

Dancing with you all the time, and don't you think that
it's a crime

Back street never meet

Never say goodbye

I know where you go

But I don't know why

You say that it's from above, and I say this is modern
love
