I want you now

Tomorrow won't do

There's a yearning inside

And it's showing through

Reach out your hands

And accept my love

We've waited for too long

Enough is enough

I want you now

My heart is aching

My body is burning

My hands are shaking

My head is turning

Do you understand

It's so easy to choose

We've got time to kill

We've got nothing to lose

I want you now

And I don't mean to sound

Like one of the boys

That's not what I'm trying to do

I don't want to be
Like one of the boys
I just want you now
Because I've got a love
A love that won't wait
A love that is growing
And it's getting late
Do you know what it means
To be left this way
When everyone's gone
And the feelings they stay
I want you now
