You enter to the fire  
you know what you have to do  
You've got your perfect face on  
your body is dressed to kill  
Breathe one last breath now  
push out all thats real  
you feel  
you feel I need you  
I need to feel you  
And temptation gets too much  
your excited by the fear  
Hungry for a strangers touch  
true love disappears  
Into a darkened room  
And somewhere there's a warm heart  
to whom which you are bound  
But its hard to feel the warmth here  
that heart is not around  
So the body's an icy tomb  
An Urn to be fulfilled  
With one thrust of sweet passion

True loves coffin will be sealed

You feel

You feel I need you

I need to feel you

And temptation gets to much

Your excited by the fear

Hungry for a strangers touch

True love disappears

Into a darkened room

And temptation gets to much

Your excited by the fear

Hungry for a strangers touch

True love disappears
