Come on and lay with me

Come on and lie to me

Tell me you love me

Say I'm the only one

Experiences have a lasting impression

But words once spoken

Don't mean a lot now

Belief is the way

The way of the innocent

And when I say innocent

I should say naive

So lie to me

But do it with sincerity

Make me listen

Just for a minute

Make me think

There's some truth in it

Come on and lay with me

Come on and lie to me

Tell me you love me

Say I'm the only one

Promises made for convenience

Aren't necessarily

What we need

Truth is a word

That's lost its meaning

The truth has become

Merely half-truth

So lie to me

Like they do it in the factory

Make me think

That at the end of the day

Some great reward

Will be coming my way

Come on and lay with me

Come on and lie to me

Tell me you love me

Say I'm the only one
