"I'm not going down on my knees begging you to adore  
me  
Can't you see it's misery and torture for me  
When I misunderstood try as hard as you can  
I've tried as hard as I could  
To make you see how important it is for me

Here is a plea from my heart to you  
Nobody knows me as well as you do  
You know how hard it is for me to shake the disease  
That takes hold of my tongue in situations like these

Understand me  
Understand me  
Understand me  
Understand me

Some people have to be permanently together  
Lovers devoted to each other forever  
Now I've got things to do and I've said before  
That I know you have too when I'm not there  
In spirit I'll be there

Here is a plea from my heart to you  
Nobody knows me as well as you do  
You know how hard it is for me to shake the disease  
That takes hold of my tongue in situations like these

Understand me  
Understand me  
Understand me  
Understand me

Here is a plea from my heart to you  
Nobody knows me as well as you do  
You know how hard it is for me to shake the disease  
That takes hold of my tongue in situations like these

Here is a plea from my heart to you  
Nobody knows me as well as you do  
You know how hard it is for me to shake the disease

That takes hold of my tongue in situations like these

Here is a plea from my heart to you  
Nobody knows me as well as you do  
You know how hard it is for me to shake the disease  
That takes hold of my tongue in situations like these"
