I'm at my end
I can't pretend
After all I've tried
Still no peace inside

A thousand roads
A search for hope
There's no way to hide
Nothing satisfied

But I am finding
In the midst of all my hurt
Living without You
Life would never work

I need to see You
I want Your love to break through
Please let me hear You
I fall down at Your feet

I need to know You
Not just know about You
I need to feel You
In You I am complete

I've been a fool
So far from You
And for choices made
There's a price I've paid

But God, I pray
That there's a way
To bridge the distance now
And get to me somehow

Lord, I'm crying out
I know You hear my heart
Once again I'm asking
Will You reach this far?

I need to see You
I want Your love to break through

Please let me hear You
I fall down at Your feet

I need to know You
Not just know about You
I need to feel You
In You I am complete

You're everything I'm needing
Everything missing in me
Lord, when I am filled with You
I'm all I'm meant to be

I need to see You
I want Your love to break through
Please let me hear You
I fall down at Your feet

I need to know You
Not just know about You
I need to feel You
In You I am complete

In You I am complete
In You I am complete
