I was walking 'round, trying to put it down in total
darkness
Didn't feel the need to get on my knees
What's this you're talking?
No one could tell me nothing that helped me out before
But when the sunlight came and stopped the rain
I was standing with the Lord Can you feel the joy

Don't it make you want to jump, jump, jump
Don't it make you want to move, move, move
Throw your hands to the roof, roof,
roof Kids are killing kids, no one wants
to live, love's on the down low
Now what's up with that, let's get back on track
Straight to the rainbow

You've gotta know that God is always by your side
If you're feeling down, look around
Just enjoy your life Can you feel the joy, don't it make
you
Don't it make you want to jump, jump,
jump You've gotta know that God is always by your side
So when you're feeling down, look around
Just enjoy your life Can you feel the
joy, don't it make you want to

Throw your hands up to the roof Jump,
jump, jump (don't it make you want to)
Jump, jump, jump (don't it make you want to)
Jump, jump, jump (don't it make you want to)
Don't it make you want to move
