Tired of myself  
Sheets over my eyes  
Tired of this mess  
Ideas come but

Nothing seems to stick with me  
It's hard, you see  
Building, pulling  
All these strings are tied by me  
Tied right to me  
Can't believe that this is me  
Everything is falling through  
The way they do

If I failed to be like you  
What would I become, what would I become?  
If there's one thing I can do  
Consider it done, consider it done

Ambition is thin

Tired of this fight  
I'm losing my mind  
Struggling to break through  
And ideas come but

I could fall - pick myself up  
Let it go - burning through my life  
Fuck it up - turn the lights out  
Let me be - let me feel so weak  
But strong enough to rely on  
You're there for me, I'll be there for you  
To get you through while you fight on  
To anchor me - do it all for me

Ambition is thin  
Wish I had your blood under my skin  
Ambition is thin
