I know it's pretty crazy to call you up,
In the middle of the night.
But I just had this feeling,
I could make things alright.
Maybe it's time to feel the pain.,
And maybe love will Heal the pain.

I see the Sun's reflection in your eyes,
And in your smile.
And you're the inspiration,
To make my world go round.
Maybe it's time to feel the pain,
And maybe love will heal the pain.

I love you, I miss you much,
I'm gonna miss your every touch
Yeah yeah
Keep these words into mind,
I'll feel them 'til the end of time.
Then you'll see what they mean to me
Heal the pain

I see the Sun's projection in your eyes,
And in your smile.
It's your favorite passion,
And I hate the word goodbye.
And maybe it's time to feel the pain,
And maybe love will heal the pain

I love you, I miss you much,
I'm gonna miss your every touch
Yeah yeah, Yeah yeah
Keep these words into mind,
I'll feel them 'til the end of time.
Then you'll see what they mean to me

I love you, I miss you much,
I'm gonna miss your every touch
Yeah yeah, Yeah yeah
Keep these words into mind,
I'll feel them 'til the end of time.

Then you'll see what they mean to me
Heal the pain
