"Jump"

Jump if you wanna get up, if you wanna get down
Take your body and move it all around
Jump if you wanna get up, if you wanna get down
Everybody all around you
Jump

Baby if you come with me
I will show you how to let your mind be free
If you want it all you gotta do is let your body lead the
way
(Lead the way)
Oh
Everywhere that I go
Every place that I see
Everybody can stand a little moving around
All around the world
Are you ready to stand up, turn around
All you gotta do is

Jump if you wanna get up, if you wanna get down
Take your body and move it all around
Jump if you wanna get up, if you wanna get down
Everybody all around you
Jump

If you're ever feeling blue
And you think there's nothing left for you to do
Just remember that you are not the only one
And there's always a way

Jump if you wanna get up, if you wanna get down
Take your body and move it all around
Jump if you wanna get up, if you wanna get down
Everybody all around you
Jump

It's so easy never stop moving around
Never keep your feet on the ground
No
Everywhere that you go
Get up and move it around

Get off the ground you gotta jump
Jump

Jump if you wanna get up, if you wanna get down
Take your body and move it all around
Jump if you wanna get up, if you wanna get down
Everybody all around you
Jump

Jump if you wanna get up, if you wanna get down
Take your body and move it all around
Jump if you wanna get up, if you wanna get down
Everybody all around you
Jump, jump, jump
