It's Friday night, times right to give you a call
I pick you up, went to the dance hall
Open the door, get on the floor
Its time to dance the night away

Let's party, party, lets party all night long,
Let's party, party, all night long, all night long.

It's Friday night and the lights are shined on you
Tonight you found your dancin shoes
Even so, we'll rock and roll
It's time to dance the night away

Let's party, party, lets party all night long,
Let's party, party, all night long, all night long.

I wanna hold you tight
All through the night,
Cause it makes me feel so right.
I wanna spin you round,
And take you down
Rock this house to the ground.

Let's party, party, lets party all night long,
Let's party, party, all night long, all night long.

Let's party, party, lets party all night long,
Let's party, party, all night long, all night long. [x3]
