"Say'n I love you...
It's the hardest thing to do
And if I ever do
Girl I'll always be true
I may not be the best
Looking guy you've ever knew
But I can show you love
That will always be true
And when your skies turn grey
My love will guide the way
And if these words that I hold
Could only be told

Saying I love you
It's the hardest thing to do
And if I ever do
Girl I'll always be true
And when your tears fall to the ground
I will pick you up when your feeling down

Saying I love you
It's the hardest thing to do
And if I ever do
Girl i'll always be true

And when your tears fall to the ground
I will pick you up when your feeling down
Saying I love you
It's the hardest thing to do
And if I ever do
Girl i'll always be true
Saying I love you
It's the hardest thing to do
And if I ever do
Girl i'll always be true
