VERSE 1

Oh, don't know what you got until it's gone,
But everything I thought I had was all a front
You used to tell me "baby" this, and "baby" that,
And so without a thought I bought you this, paid for that
All louis this and gucci that
7 jeans and baby fat
Round your finger I was wrapped,
Don't know where my head was at
I can't believe you tried to play me like a joke,
I don't know why I couldn't see through the smoke,
So baby girl...

CHORUS

I don't want nothing to do with her,
Cause she hurt me
She lied to me repeatedly
It's my bad bye, girl it's my bad bye, it's my bad bye,
girl it's my bad bye
How could I find out this way?
Said I love to pray
We done turn the last page,
Girl it's my bad bye, girl it's my bad bye, it's my bad
bye, girl it's my bad bye

VERSE 2

See I'm the only guy that took the time to find out why
your heart has these empty spaces
I stopped my pimpin' just for you girl,
Too good to be true girl,
Remember that time you cried?
Growin' up it was too much to bear,
Your daddy wasn't there
So you looked for love anywhere
I caught every single teardrop
My blood was cold and heart stopped,
Goin' back
I never had you completely

CHORUS

I don't want nothing to do with her,
Cause she hurt me
She lied to me repeatedly
It's my bad bye, girl it's my bad bye, it's my bad bye,
girl it's my bad bye
How could I find out this way?
Said I love to pray
We done turn the last page,
Girl it's my bad bye, girl it's my bad bye, it's my bad
bye, girl it's my bad bye
VERSE 3

When everyone told me not to go take a chance on you
I did,
That's why it's so sick
And now there's nothing left for me to do
But let it go with no drama,
No tears,
So now this goodbye has turned to bad bye
How could you baby girl?

CHORUS

I don't want nothing to do with her,
Cause she hurt me
She lied to me repeatedly
It's my bad bye, girl it's my bad bye, it's my bad bye,
girl it's my bad bye
How could I find out this way?
Said I love to pray
We done turn the last page,
Girl it's my bad bye, girl it's my bad bye, it's my bad
bye, girl it's my bad bye
