Deen Neeb's Metal Effort"

by Mol Triffid

(note: Lyrics in quotes are sung through megaphone)

born in the springtime of '65 i was

cursed with the vision to see both sides i was

afraid to move or take a stand or make a vow i was

in the shadow of a doubt but i am much better now that
i say

fight, team fight!

"that's it man you've got it right"

go, team go!

"now take it easy take it slow"

"ride the triumph of your will"

but what about the other track?

"a one-way trip to nowheresville"

but nowheresville is where i'm at

"fight, team fight!"

are we left or right

"hop the bus"

am i them or us?

"born in the winter of '89 now i'm moving forward i'm
feeling fine cause it's a sign, sign, everywhere a sign if

you don't know how to read them you just get left
behind so march!"

"now that your mind is free from all that strife you can
concentrate your thoughts on the important things in
life like the tugging at the heart of the cadence and the
fife and the quickness and the trueness and the point
of the long knife so say it"

"go team, go!"

wait a minute i don't know

"fight, team, fight!"

wait i wanna get it right

can i be you or i be me?

"cat stevens even sold rashdie"

if catman failed then all's in vain

"so hop the only true peace train"

i am free!

"so i see"

i am me!

"so are we"

so while the runts are flayed and their ingrate cunts are
spayed

"and their cries are rising silent to the peon god they
made"

don't look into my eyes to see if you made the grade

'cause you'll just "see yourself reflected in my saigon-
mirror shades"

"so march
