On this cold November day  
You will see me smilin'  
Oh but it's been a while

Since I could laugh again  
Talkin' with my friends  
And now you'll hear me sayin'  
Oh now that I'm ok

Give me time  
To get you off my mind  
'Cause I've got too much going on  
And I'm getting tired of crying  
If you find when you think of me  
That you keep your head down  
Is it still too soon to see  
I'm at your Mercy

And it's true oh now what they say  
It gets better by the hour  
Better by the day  
I move on in my simple way  
Getting stronger every hour  
Stronger every day
