If I could take one more  
If all the worst from you  
And as I fell  
I push this all away

Get up off this floor  
Give it back to you  
I know you wanted to  
Take me

I know you tried to take me out  
I won't forget you  
I watched you fall along  
It's over now, it's me and

I hear the words that you spit out  
I can see right through you  
I watched you fall along  
It's over now

If I could see you know  
I'd push the worst in you  
And as I stood  
I'd pull this all away

If I could show you how  
And I remember you  
And I know you wanted to  
Take me

I know you tried to take me out  
I won't forget you  
I watched you fall along  
It's over now, it's me and

And I hear the words that you spit out  
I can see right through you  
I watched you fall along  
It's over now  
(Over now )

And I know you tried to take me out  
And I won't forget you

I know you tried to take me out  
I won't forget you  
I watched you fall along  
It's over now, it's me and

And I hear the words that you spit out  
I can see right through you  
I watched you fall along  
It's over now
