If I could take my floor
And pull the worst from you
And as I vow
I push this all away
Get up off this floor
Give it back to you
I know you wanted to
Take me

I know you tried to take me out
I won't forgive you
I watched you fall apart
It's over now
Today it's the end
I hear the words that you spit out
I can see right through you
I watched you fall apart
It's over now

If I could see you now
And push the worst in you
And as I stood
I'd pull this all away
Now I could show you how
'Cause I remember you
And I know you wanted to
Take me

I know you tried to take me out
I won't forgive you
I watched you fall apart
It's over now
Today it's the end
I hear the words that you spit out
I can see right through you
I watched you fall apart
It's over now
Now

I know you tried to take me out
I won't forgive you
I know you tried to take me out

I won't forgive you
I watched you fall apart
It's over now
Today it's the end
I hear the words that you spit out
I can see right through you
I watched you fall apart
It's over now
