Always the boy, always the boy
(3x)
Always the boy next door

Why is it that I'm a perfect match
For somebody that I don't like, no no
All my friends tell me
That's not how it should be
That I should like the boy next door
Yeah

The boy next door
He's exactly what I'm lookin' for
The boy next door
He's always on my mind
The boy next door
He's everything I want and more
The boy next door
Uh
The boy next door

I'm so in love with him
He's not in love me
why cant he see
Whoa!

The boy next door
He's exactly what I'm lookin' for
The boy next door
He's always on my mind
The boy next door
He's everything I want and more
The boy next door
Uh
The boy next door

I know he's older
But age is nothin but a number
I wanna be older

I wanna him to love me
I want that boy next door!
Yeah

The boy next door
He's exactly what I'm lookin' for
The boy next door
He's always on my mind
The boy next door
He's everything I want and more
The boy next door
Uh
The boy next door

(giggles)

Uh! The boy next door!
