9:35 at night
Thinking of you, and something's not right
I wish you were here with me
Can't believe it's you I don't see

Tell me when I can see you again
I want this lonely feeling to end
And if I could have anything in this world
I wanna be
I'd love to be
I dream to be
Your girl

Can't believe it's not you with me right now
But we'll be together somehow
Watch my wish come true, and someday baby
I'll, I'll be with you

And if I were ever to
To be with you, I'd remember that moment forever

Tell me when I can see you again
I want this lonely feeling to end
And if I could have anything in this world
I wanna be
I'd love to be
I dream to be
Your girl

I'll wish on a star
If it means I'll be where you are
Yeah, I'll wish on a star...
If it means I'll be where you are

Tell me when I can see you again
I want this lonely feeling to end
And if I could have anything in this world
I wanna be
I'd love to be

I dream to be
Your girl

9:35 at night
Thinking of you, and something's not right
I wish you were here with me
Can't believe it's you I don't see
