Take a look around the room, eyes red from crying
No one knows what is true, then I see you
I can't even try to convey how safe I am
(When you're around me)
You donate your strength when I am broken

Like a tiny grain of sand, I'm insignificant
Who is a foe, who's a friend, and who pretends
For his or her own benefit and all the while I know

(You're thinking of me)
Even when I'm alone, you're thinking of me

Sometimes I wish I could become a painting on the wall
Watch the people passing by, they don't notice me at
all
Wish I could disintegrate like a fading dream
You remind me that you're by my side,
and you're thinking of me

You take my heart, I'll take your hand
