#### Verse: 1

I once knew a bitch named Mercedes Benz  
Her and Lexus wanted to sex me and all my friends  
Damb, You want it, You got it Toyota  
I gave Impala a holla because he's got the Mota  
about a pound and so we rolled slow  
plus I kept my Eyes out for Five Point O  
We got to the pad about MR2,  
I said I've never met a Jetta that was fly as you  
Lexus, She was heavy as a Chevy, but it aint no thang  
because we gang bang, rode 'em like a Mustang  
and I'm thinking that you got my point, I told Impala  
to roll up a Corrola Joint, and then I passed out  
She said I doesn't want to trouble you  
but BMW is home now, and so you asked out  
and my heart started pounding I'm out the back  
window  
Peace homegirls but I'm Audi 5000

#### Chorus: x4

dropped monte carlos, L' Dogs(???) and Caddy Coupes

#### Verse: 2

I got a friend named Alfa Romero  
Who rolled a Fiero with a girl named Camaro  
and he calls her his Sidekick  
but the bitch is so fly that he gotta have a big dick  
we all jetted in the Jetta  
then we got harrassed by a cop named Berreta  
He pulled us ova in a fucked up Nova  
then we saw my homie roll right by his name is Range  
Rover  
He swoop on the Trooper, He's tight with the mob  
and then he made the One-Time stop  
Peace homie thanks and I'll see ya  
then I got a page from my bitch Carmen Gia  
"Come and pick me up" so, I go through the city  
I'm 'bout to get some ass and a hole lot of tittie  
I got to her pad, and Yo!, I started pounding

I'd like to tell you more homeboy but I'm Audi 5000.

Chorus: x4

I partied with this oriental girl named Hundai  
Who kicks it with this japanese bitch they call Samurai  
I headed to the liquor store, Word!  
I got a fith of Surburban and some Thunderbird  
I said I'll be right back, then I saw a friend who's a pimp  
big and black we called him Caddilac  
just to tease I told my nigga freeze  
He drove a Lamborghini that cost 300 Z's  
and lets jet out to club pantera  
Hatchbacks kicking it and so was Fiera  
and it sounded like a switch,  
I got to the club and met a snobby ass bitch  
Who said I was the voice she said I was the choice  
and could I please give a little bit to Ms. Royce Royce  
silk sheets and my hips they were pounding  
then I got the fuck out of Dodge, 'Cause I was Audi

Chorus: x6  
(music fades away)
