This goes out to Mike,
and all the bad girls
Shake it down, shake it down,
That's right, come on babe

I like the bad girls,
like to see them swing
And in the moaning,
don't need no, diamond rings
They like to party,
we're all over town
Full of adventure,
they never bring me down because

Chorus:

We're the band, take my hand
When I tell ya, we love your soul
We're the band, take my hand
When I tell show ya, we love ya so
I like the bad girls, like to see them swing
And in the morning, don't need no diamond rings

I like the bad girls,
lying in the sun
Just get 'em started,
sure to have some fun
I'm here to tell ya,
they are all out of control
Yeah it's the bad girls,
oh we love ya so, because

Chorus:

I like the bad girls lying in the sun
Just get 'em started Sure to be some fun
Bad girl, and in the moaning
Bad girls like to see them swing
Bad girl, take my hand when I tell ya
Bad girls, we love ya so
Bad girl shake it down, Lying in the Sun
