So frightening
His outer shell
Black leather
And a gaze from hell

With monsters
And demons
So frightening
Yes

Different kind of man
When he's behind closed doors
He's got a large supply of candy
And a teddy bear

Laundry done by mother
Colored band-aids for a sore
But just don't mention hell
Because he's been there

And he's frightening to me
Just to think that he's free
And he controls how we see
How he's going to be

Black message
Of a terrible place
No smile
Appears on his face

Black message
Of a terrible place
No smile
Appears on his face

Not evil
Likes chocolate cake
Acts scary
To keep me at bay

Knows what will sell
Does it so well

'Cause he's from hell
Tes

And he's frightening to me
Just to think that he's free
And he controls how we see
How he's going to be

Black message
Of a terrible place
No smile
Appears on his face

I'm saving saving up to buy
Some danzing merchandising
The kind of stuff that you know
That I will always want

Slayer sodom I'm afraid of
All I can say if you stay
I've got all kinds of
Evil things to play

Different kind of man
When he's behind closed doors
He's got an indoor flower garden
And a zim-zam

Twist of candy cane
Yet he still comes back for more
He's got a new decoder ring
On his left hand

And he's frightening to me
Just to think that he's free
And he controls how we see
How he's going to be

Black message
Of a terrible place
No smile
Appears on his face

Black message
Of apocalypse
Can't sleep yet
Needs a good night kiss
