Friends and Enemies

Save yourself, there's always time.
If you prepare for another try.
Make sure to bring your mirror along.

I never said that I would be reasonable.
I never said that I'd even try.
I'll bring the worlds of a thousand chapters to life.

Break the glass in case of emergency.
Did you allow for an exit plan?
Did you watch your chances dwindle away?

I never said that I wasn't capable.
I never gave you a reason why.
I'll bring the words of a thousand chapters to life my
friend.

You're not leaving here alone.
My friends are enemies at most,
So I choose to keep them close.
You're not leaving here alone.

I never said that I would be reasonable.
I never said that I'd even try.
Do you need to vent your frustration?
Do you need to see the sky?

So once again you're wasting time,
And though I'd love to hear your views.
I'm the one with purpose here.
So I hate to break the news that. . .

You're not leaving here alone.
My friends are enemies at most,
So I choose to keep them close.
You're not leaving here alone.

There's a world that you're not a part of.
With nothing to do with you.
Where intuition will fail to be your guide.

And if the book just appeared to you,
But all the pages are a solid white.
You'll find the words apparent on the other side.

You're not leaving here alone.
My friends are enemies at most,
So I choose to keep them close.
You're not leaving here alone.
