It was hard to avoid  
I suppose it was the shame  
But they didn't even try

You see we'd never met  
And they didn't have names  
There was nothing I could do

So I turned on the crowd  
And I screamed "you and you"  
"it could have been you"

And they seemed to think  
That I looked that way  
Or maybe I was wrong

So I said do you know mr. wall  
And they looked the other way  
And then they smiled at me

But the police came  
And I said it was me  
And I just walked away
