The suit was fitted  
Pressed and laid out on the bed.  
The folders stacked upon the shelf.

And every detail was immaculately cared for.  
A corporation of yourself.

And soon they'll all have their opinions.  
And every expert has a voice.

You've brought them here today  
Through charismatic speaking.  
Without so much a pretense why.

And when it's all laid out  
The tension has been broken.  
Until a moment passes by.

And now they'll all have their opinions.  
And every expert has a voice.  
And soon the room is filled with menial discussion.  
Until you rise about the noise,  
Rise above the noise.

And that's when you smile  
and take control the room.  
You smile, now they're staring at you.  
Well you've raised the bar by playing rough.  
But are your methods good enough  
To take the fools for everything they're worth.
