What good is money unless it brings  
That certain something for the girl who's got  
everything?  
Here is an item, you can't pass by  
Won't even cost you one thin dime

I won't give up until you own me  
Lock me up and throw away the key  
Precious possession, your private property  
The price is right

So won't you buy me for a song?  
You can have me for a song

Just for a minute stand in my place  
You'll understand what I want you to say  
Give me a whisper or give a shout  
Tune me in, I'll work it out

I'll never break down, I'm maintenance free  
And I come with a lifetime guarantee  
You just can't pass up this opportunity  
Don't hesitate

'Cause if you want me for a song  
You can have me for a song

I belong to you hand in hand together  
I belong to you love into forever  
You're the only song I need  
So let your heart sing, sing for me

I Love it, baby, baby, baby

If you're serious then you can sample me  
I'm nearly yours but you know nothing comes for free  
You don't need money, you have security  
I'm sure you got one somewhere

You can keep me for a song  
You can have me for a song  
You can have me for a song

You can have me for a song  
(You can have me)  
You can have me
