The girls got embarrassed
When we did our act in Paris
Same way that they did in L.A

And we really had a battle
When we did it in Seattle
Vancouver on the very next day

San Diego kept us busy
We got so dizzy
With the interviews and radio shows

The fans were no turkeys
When the Tubes played Albuquerque
Stood up and shouted and let us know

Bonjour, bonjour
The Tubes World Tour
A mighty important crusade

Tres chouette mi amore
The Tubes World Tour
We'll be leavin' as soon as we're paid

Well, they threw us in the slammer
When we did it in Miamer
(All over the world)
Mondo Bondage blew their mind

The kids were screamin' ?More?
In Baltimore
Thought they would never unwind
(All over the world)

Tried to rush Dr. Fee
In Washington D.C
(All over the world)
A.M.A didn't go for the chainsaw

Played Town Without Pity
Just for New York City
And Quay knocked 'em dead with his big guitar

Buongiorno ate
The Tubes World Touree
A mighty important crusade

Tres chouette mi amore
The Tubes World Tour
We'll be leavin' as soon as we're paid

Oh ho ho ho
Thank heaven for little girls
I love them, each and everyone, oh ho

Tres chouette mi amore
The Tubes World Tour
We'll be leavin' as soon as we're paid

All over the world
(All over the world)
All over the world
(All over the world)

All over the world
(All over the world)
On the Tubes World Tour
(All over the world)

All over the world
(All over the world)
All over the world
(All over the world)

All over the world
(All over the world)
On the T-T-T-Tubes World Tour
(All over the world)

All over the world
(All over the world)
All over the world
(All over the world)

All over the world
(All over the world)
On the Tubes World Tour
