Young and the rich
Everything I desire
Light bulbs with shades
In every room

And work is play, believe me
Nothing must come too hard
It comes in the mail
'Most everyday, yeah

I could respect a man who had it all
He'd toss the ball away
I know I'm not that kind I wouldn't mind
Have a chance thrown my way

Famous friends
Big parties for me
Every night like tonight
I a fool, want it all

I could respect a man who had it all
And he'd toss the ball away
Because you know, I'm not that kind I wouldn't mind
Have a chance thrown my way

Young and the rich
With everything I desire
Everything I need
In every room

In every room
In every room
In every room

With everything I desire
Filling every room
Everything I need
Maybe, some more things
I don't need, you know

Filling every room, yeah
Everything I need

Every room
Filling every room
