It's the first time I can see  
I can see a light shining in your eyes  
Is it that I never tried is it that I try to hide  
All that I feel this love's so real  
It's the first time I can see  
I can see the truth hiding for myself, for myself  
It's the first time I can see  
I can see a light shining in your eyes, in your eyes

Wanna stay close to you  
It just don't matter what you do  
I got so much to offer  
I got nothing to loose  
I'll give you the story if you let me

It's the first time I can feel  
I can feel your love is burning in my mind  
Is it that you've always shown  
Is it that I've always known  
Your love for me was meant to be  
It's the first time I can feel  
I can feel my heart is burning through myself, through  
myself  
It's the first time I can see  
I can see a light shining in your eyes no more lies

Wanna stay close to you  
It just don't matter what you do  
I got so much to offer  
I got nothing to loose  
I'll give you the story if you let me

I.....I got nothing to fear  
I got nothing to loose  
I.....It's so very clear  
I want you to know that I

Wanna stay close to you  
It just don't matter what you do  
I got so much to offer  
I got nothing to loose

I'll give you the story if you let me

Wanna stay close to you  
It just don't matter what you do  
I got so much to offer  
I got nothing to loose  
I'll give you the story if you let me

So much to offer  
Nothing to loose  
Now that I found you  
I don't have to choose  
Got a love that's forever  
A life that's so real  
I'll give you the story if you let me
