Your end is near  
I can sense the fear in your soul  
I will imprison your mind  
Only eternity to suffer  
With pleasure I smirk  
When the pain raptures from your throat  
Fierce anger is all I have to give  
Until the suffering reduce you to ruins  
Believe in nothing, have no more faith  
The only thing permanent is your misery  
This is your pattern of destiny  
I will hurt you fatally  
First dies your brain, then dies your body  
Your soul will beg for  
Termination  
Extinction  
This torment shall never end
