I've been collecting all my days  
movies frame by frame  
oh love, please let me count the ways  
it gets inside my head  
I've been counting all my life  
moments as they pass  
When left alone with them too long  
It gets inside my head, and breaks my heart  
and knocks me down

In line of fire today  
Run for your Life  
Pain's water, wash it away  
Run for your, run for your life

Addicted to my T.V.  
That's "Mister" to me  
Paper souls and painted smiles  
it gets under my skin how "Mister"  
tells me who I am

You're gun for hire today  
run for your life  
pain's mother take it away  
Run for you, run for your life

You're gun for hire today  
run for your life  
pain's mother, kiss it away  
run for your, run for your, run for your,  
run for your life.....
