He casts a shadow down the block
he can't remember
Just how to start or when to stop
fight or defend her
He shines the light into the dark
and empty corner
right where the past had left its mark
Too late to warn her.

Chorus:
But she's fine
she's not innocent
She's fine
in all her discontent
She knows it's always been the same.
It'll always be that way.

He holds the secret in his fist
a burning ember
To stay or go now that's the twist
hate or befriend her.

Chorus 2:
But she's fine
she's not innocent
She's cool
in all her discontent
She knows
it's always been the same
She's fine
she's not ignorant
She knows
there's no main event
She's fine
It's always been the same

(bridge)
It'll always be that
way
It'll always be that way...be that way...

(repeat 1st half of chorus)

She's fine
she don't give a damn
You don't have to understand
She knows it's always been the same
and she'll always be that way
