Hey it's me, on your machine
Just needed to call, I really need you
Where you been, these past few weeks
Please let me in, please talk to me

Cause I can't let go

Call me, cause I don't wanna give you up
And I need you to know
Call me, what ever you don't hang up
Cause I can't let you go

It's two am, and I'm wide awake
I'm bet your out, and still with her
Six digits in, one more to press
I hesitate, I need to give it a rest

Cause I can't let go

Call me, cause I don't wanna give you up
And I need you to know
Call me, what ever you don't hang up
Cause I can't let you go

[Voice mail - Cheese Fest]

Cause I can't let go
Cause I can't let go

Call me, cause I don't wanna give you up
And I need you to know
Call me, what ever you don't hang up
Cause I can't let you go
And I need you to know
That I can't let you go
And I need you to know
