Oh god, I did it again
I made my bed now I lie
I just keep thinking
Analytical suicide

Oh god, what a mess you've made
My heart, lost in a maze
I just keep thinking
Insomniac suicide

Oh, mercy me
How can this be?
I let you down
You let me go

The days, they're slipping me by
In my head, is where I lie
I just keep thinking
Long distance suicide

Oh, mercy me
How can this be?
I let you down
You let me go

Oh, mercy me
How can this be?
I let you down
You let me go
Yeah, you let me go
