I never thought things would end this way, way  
I'm reaching out but you slipped away, away  
How can you sit there and lie to my face, my face  
You're still the one that got away

Cause I only want you, you  
Cause I only want you, you  
Cause I only want you

Why is the ending so unfair, unfair  
I'm acting indifferent cause you know that I care, I care  
I stand here crying and you just stare, you stare  
I want you to hold my but your loves not here

Cause I only want you, you  
Cause I only want you, you  
Cause I only want you, you  
Cause I only want you, you

So you had your chance and you blew it  
I played your games and I'm through with it  
Just turn around and walk away  
Your not what I need.

Cause I only want you, you  
Cause I only want you, you  
Cause I only want you, you  
Cause I only want you, you
