I though it was just another rumor,
Just another whisper gone wrong
Well look at what you've done, look where we're at
This rope's end
Dances at night, they turn into fights
You're such a liar
Why couldn't you just tell me the truth
Don't put me on a noose and then have someone pull it

Let go, get out, just leave
And I'm already starting to bleed
And it's just another promise, just another day
Let go, get out, just leave
'Cause you know, you know, you know, you never loved
me

How can you honestly look at me expecting me to tell
me so much sh*t
May it seem like I was the one
Look at what you've done, you're so full of it
Broken and gone
I'm so alone, just let me go
'Cause you know what you meant when you said what
you said

Let go, get out, just leave
And I'm already starting to bleed
And it's just another promise, just another day
Let go, get out, just leave
'Cause you know, you know, you know, you never loved
me

You knew damn well what you were doing
You knew damn well who you were breaking
What does it matter
My heart is slaughtered
I'm just your daughter

Let go, get out, just leave
And I'm already starting to bleed
And it's just another promise, just another day

Let go, get out, just leave
'Cause you know, you know, you know
Yeah you know, you know, you know

Let go, get out, just leave
And I'm already starting to bleed
And it's just another promise, just another day
Let go, get out, just leave
'Cause you know, you know, you know
Yeah you know, you know, you know
Whoa oh

You never loved me
