"It's Up To You"

I know we never meant to fall
The moment that my eyes met yours
Our hearts went tumbling
Before we knew what happened

And now that I am looking back
Ya know I get the feeling that
We started givin' up
Just to keep from givin' in

I still find hope in what little words we say
And I'm holding on in a big big way

So if you ever change your mind
I'll be waiting first in line
You can hang your toothbrush next to mine
It's up to you
It's up to you
Your toothbrush next to mine

Everytime I look at you
I don't know how to hold on to
The way I think and feel and breathe
When I'm around you

Oh, we've been down the roughest roads
I know we've gone so far, and come so close

So if you ever change your mind
I'll be waiting first in line
You can hang your toothbrush next to mine
It's up to you
It's up to you

Sometimes I sit inside your chair
I try to see what yo usaw from there
Too much too soon
But I've got so much to share

I still find hope in what little words we say
And I'm holding on in a big big way

So if you ever change your mind
I'll be waiting first in line
You can hang your toothbrush next to mine
It's up to you

Yeah, if you ever change your mind
Then I'll be waiting first in line
You can hang your toothbrush next to mine
It's up to you
Your toothbrush next to mine
It's up to you
